Bathware
Collection 2025-26

Inspiration

The inspiration behind QUEO bath spaces is pure indulgence, a luxury that empowers you to live extraordinarily. At QUEO, indulgence is not just spoken, it is sculpted into form, etched into every curve, and crafted into every detail. We don't merely create bathware, we craft experiences. With a seamless blend of timeless artistry and contemporary engineering, QUEO redefines indulgence, transforming an everyday ritual into an extraordinary bathing experience.

Live Extraordinary with
QUEO

More than a product, QUEO is an experience where every element transforms the ordinary into extraordinary, and every bath space becomes an oasis of serenity and inspiration.

Heritage

QUEO is not just a brand, it's a celebration of global design heritage and new age innovation. From European artistry to the finesse of modern minimalism curated into a narrative that binds cultures, timelines, and philosophies. Hindware acquired boutique sanitaryware manufacturer Barwood Products Ltd., based out of UK in 2010, and launched the Queo brand in India in 2011, with a focus on premium bath-ware solutions. Every Queo Bath Space represents a delicate balance between utilitarian purpose and artistic expression. With precision engineering and design excellence, QUEO products pay homage to classical elegance while embracing the future. Every QUEO Bath Space embodies a rich legacy that continues to redefine the bathing experience.

Vision

QUEO envisions bathrooms not as functional spaces, but as curated expressions of lifestyle and personal choices. Art is a universal language, and at QUEO, every product communicates in this language through form, finish, and function. Blending modern aesthetics with meticulous craftsmanship, QUEO draws upon centuries of design wisdom while pioneering future-forward technologies.

The Queo Difference

Each QUEO bath concept represents a delicate balance between utilitarian purpose and artistic emotion. With precision engineering and design excellence, QUEO products pay homage to classical elegance while embracing the future.

Inspiration

At Queo, every design begins with a spark of inspiration drawn from the elegance of European living and the serenity of nature. Our products are not just functional, they are artistic expressions that elevate the aesthetics of modern bathrooms.

Innovation

We believe in pushing boundaries. Queo integrates cutting-edge technology into every product, from smart water closets to intuitive temperature controls ensuring a seamless blend of luxury and performance.

Advanced Manufacturing

Precision is our promise. Our state-of-the-art manufacturing facilities combine craftsmanship with automation, ensuring every Queo product meets the highest standards of durability and design. European cutting-edge technology ensuring best in class wall thickness in faucets, resulting in high strength.

Quality

Excellence is in our DNA. Queo products undergo rigorous testing and quality checks, ensuring they deliver unmatched reliability, longevity, and a flawless finish that stands the test of time. Our European cartridges in faucets ensures the highest endurance thus promising longevity and smooth operations.

Sustainability

Our premium faucets are designed with sustainability at their core using advanced aerators to reduce water consumption. With eco-friendly manufacturing and recyclable components, these faucets offer a perfect blend of style, efficiency, and environmental responsibility.

Philosophy

Timeless

Inspired by the elegance of classical forms and the essence of fine art, reimagined through the lens of contemporary craftsmanship. Each piece is part of a curated bathware collection that transcends fleeting trends, evolving in character and beauty with the passage of time. Be it a heritage villa or a contemporary high-rise, QUEO pieces merge effortlessly with their surroundings, while retaining a distinctive presence.

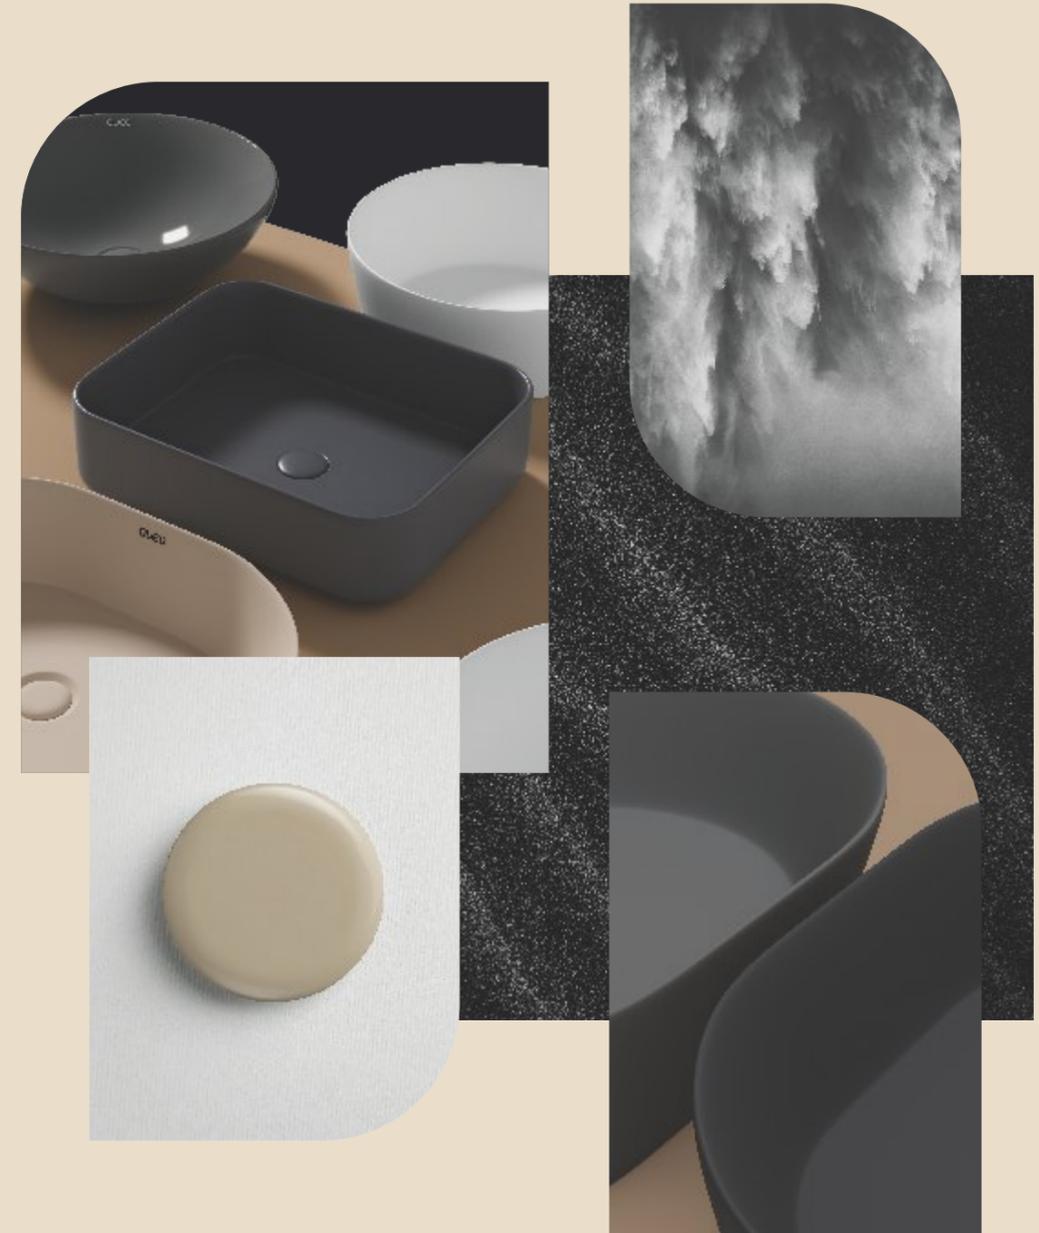

Modern

Modern design is more than aesthetics, it is intention shaped into form, and function distilled into refinement. At QUEO, our philosophy embraces the art of essentialism, where every line serves a purpose, every detail finds resolution, and every element exists in harmony with the space it adorns. The result is a language of clean, architectural lines that bring rhythm, balance, and timeless elegance to the bath space.

Classic

A collection where tradition meets timeless beauty. Crafted with meticulous attention to detail, it merges form and function in perfect harmony. From elegant silhouettes to refined finishes, every element is designed to last a lifetime. It's a tribute to enduring style. Each piece reflects sophistication that transcends passing trends. Inspired by heritage yet refined for the modern lifestyle, our designs bring balance, grace, and quiet luxury to your spaces.

Curated Collection

QUEO offers an expansive collection of bath solutions designed to complement diverse spaces, like high-end residences, luxury villas, commercial buildings, hospitality, and healthcare alike. From the functional to the luxurious, the portfolio spans across Water Closets, Faucets, Showers, Shower Systems and Enclosures, Bathtubs and Massage Tubs, each crafted with the same commitment to design, innovation, and timeless elegance.

Discover the unmatched efficiency of EWCs

European Water Closets from QUEO embody intelligent design, where contemporary finesse meets uncompromised comfort. The Collection presents EWCs with sleek silhouettes and ergonomic designs, achieving a flawless balance of form and function.

Featuring rimless design, Soft-close seats, and water-efficient flushing systems, every element is thoughtfully engineered to deliver a superior and hygienic experience. True to QUEO's philosophy of understated sophistication, each contour and curve is refined to create harmony, comfort, and timeless elegance.

Q-Smart Intelligent Water Closet

Scan to watch
the video

Q-Smart Intelligent Toilet transcends function to become a statement of innovation and design. With intelligent features such as sensor-based seat opening and automatic closing, customizable seat-heating, remote operated open, close, heating and drying functions, automated flushing and a self-cleaning nozzle, Q-Smart sets a new standard of comfort and hygiene.

With Q-Smart Toilets, cleanliness is not just maintained—it's redefined. The smart toilets employ smart automations, deep cleaning, and remote control for an elevated bathroom experience.

Water Temperature & Pressure Adjustment

Auto Flushing

Remote Control

Seat Temperature Adjustment

Foot Sensor Flushing

Nozzle Self-Cleaning

Operates 24 hours a day to maintain hygienic conditions

Before use

Premist - a mist of ordinary water, is sprayed inside the toilet.

During use

Since waste is less able to adhere to a wet surface, it is more easily washed away.

After use

Automatic flushing, then spraying of EWater to clean the toilet bowl.

During standby

The UV light reacts with the titanium dioxide, decomposing waste in the toilet bowl.

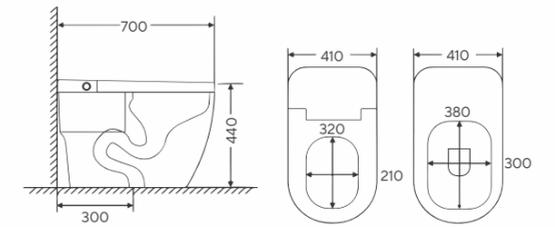

Q-Smart Toilets

Not just smart, revolutionary. QUEO Q-Smart Toilets blend automation with comfort to redefine hygiene. Integrated features include Actilight, a photocatalytic glaze using titanium dioxide and zirconium oxide to decompose waste, Premist + Ewater, Tornado Flush, and Remote Control to personalize temperature, seat settings, and more. Your bathroom becomes a space of personal care, innovation, and effortless luxury with these smart toilets.

Over the
counter basins

Discover the serene artistry of QUEO wash basins, where graceful forms and exquisite finishes transform the bath space into an oasis of calm. Designed to evoke tranquility with sophisticated colors, and serene whites, each wash basin balances visual elegance with intuitive function, creating an atmosphere that invites rejuvenation.

Sculpted contours and premium materials come together in a design language that is both refined and striking. Engineered for seamless performance, with smooth surfaces that ensure effortless maintenance, these basins embody lasting sophistication. From private residences to bespoke suites, QUEO wash basins elevate everyday moments into exceptional experiences.

Over the counter basins - A centerpiece of serenity.

QUEO OTC basins combine graceful contours and artisanal finishes with superior functionality. Whether crafted from fine ceramic or composite stone, these basins redefine everyday cleansing as a mindful ritual.

Aesthetic Designs

Smart, water-efficient, and effortlessly elegant. These basins feature sleek silhouettes, clean lines, and clutter-free forms. Finished in premium coatings, they enhance modern interiors with understated luxury and a refined, contemporary ambiance.

High-Gloss Glaze

A super-smooth, high-shine glaze offers more than just visual appeal. It provides resistance to stains, scratches, and discoloration, ensuring long-lasting brilliance and easy maintenance. Your sanitaryware retains a newer look for longer.

Superior Ceramic

Each basin is crafted from premium raw materials using precise formulations and expert processes. The result is exceptional durability, resistant to chipping, cracking, and surface wear, making these basins a smart and lasting investment.

Precision Made

Every basin is the result of meticulous engineering and expert craftsmanship. Using advanced manufacturing techniques, each piece achieves uniformity in shape, finish, and performance. This precision ensures flawless aesthetics, reliable installation, and usage.

Triple Layer Glaze

Creates a smooth, high-gloss surface that resists scratches, stains, and discoloration, ensuring long-lasting brilliance.

Over the Counter Basins

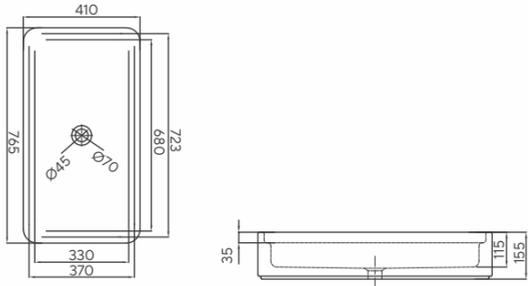

Over-the-Counter Basins

A centerpiece of serenity. QUEO over-the-counter basins combine graceful contours and artisanal finishes with superior functionality. Whether crafted from fine ceramic or composite stone, these basins redefine everyday cleansing into a mindful ritual.

Why Choose QUEO's Sensor Faucets?

The sensor faucet range by QUEO is the perfect blend of technology, hygiene, and luxury. Designed with advanced motion sensors, these faucets eliminate the need for physical contact, making them ideal for residential and high-traffic commercial spaces. The touchless operation ensures a cleaner and more hygienic experience, reducing the spread of germs and bacteria.

**Elevate your shower experience
with thermostats**

Indulge in the luxury of precise control with QUEO thermostatic diverters, where temperature regulation and shower modes are both perfected. These sophisticated thermostats allow you to control not only the water temperature but also easily switch between various shower settings - whether you desire a relaxing rain shower, invigorating jets, or a focused hand shower.

At QUEO, thermostatic diverters are not just mechanical components they're the core of a refined bathing experience. Designed with advanced thermostatic cartridges, these systems automatically maintain your preferred water temperature, eliminating fluctuations that cause discomfort.

Leverage precise control for a personalized experience.

The thermostatic shower system from QUEO is designed to elevate the everyday shower experience into a personalized bathing experience with industry-defining controls.

Precise Temperature Control

Maintains stable water temperature without sudden changes.

Consistent Volume Output

Ensures even water flow across all outlets.

Anti-Scald Technology

Stops hot water flow if the cold supply fails, ensuring user safety.

Child Safety Lock

Locks preset temperature to prevent accidental adjustments.

High Flow Rate

Delivers over 50 L/min at 3 bar pressure, even across multiple outlets

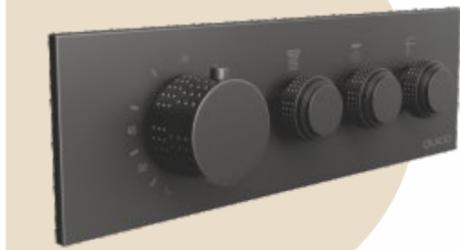

Customizable Flow Control

The intuitive Neoperl push-button interface allows for effortless customization of your shower experience, with individual control

Why Choose QUEO's Thermostatic Diverters?

Your daily routine deserves more than just functionality; it deserves luxury, consistency, and control. QUEO thermostatic diverters combine German engineering precision, aesthetic minimalism, and unmatched performance to offer a solution leagues above conventional systems. They prevent sudden temperature spikes, save water through intelligent distribution, and let you experience a spa-quality shower at the touch of a knob.

**Experience the
grandeur of showers**

Showers from the house of QUEO have redefined opulence and elevated the daily ritual of bathing to an art form. In the contemporary home design landscape, QUEO showers have transformed from mere functional corners to focal points of artistry and innovation. QUEO showers encapsulate this shift, offering a space for cleansing and a tailored experience that marries form with function.

With cutting-edge features, luxurious finishes, and thoughtful ergonomics, QUEO showers elevate your bathroom into a sanctuary. Whether it's the gentle cascade of a rainfall shower or the invigorating spray of a handheld jet, every detail is crafted to indulge your senses and enhance your well-being.

Thermostatic Shower Systems

Thermostatic Showers from the house of Queo have redefined opulence and elevated the daily ritual of bathing to an art form. In the contemporary landscape of home design, Queo showers have transformed from mere functional corners to become focal points of artistry and innovation. Queo showers encapsulate this shift, offering not just a space for cleansing, but a tailored experience that marries form with function.

Modern Designs

Minimalist, geometric, and elegant forms enhance any bathroom.

Multi-Function Water Flows

Switch between mist, rain, and spray for a personalized spa-like experience.

High Flow Rate

Delivers over 50 L/min at 3 bar pressure, even across multiple outlets.

Consistent Volume Output

Ensures even water flow across all outlets.

Precise Temperature Control

Maintains stable water temperature without sudden changes.

Chromotherapy

Three-color LED lighting promotes relaxation and reduces stress.

Digital Display

Displays water temperature without external power.

Minimum Pressure Requirement

For optimal functionality and a satisfying shower experience, a minimum water pressure of 3 bar is required.

SHOWER MODE

CHROMOTHERAPY

Leveraging the healing power of colors to enhance your overall wellness. Experience a holistic approach to health that addresses well-being's physical and emotional aspects.

Visual Allure:

Lights add a touch of modernity and elegance to the bathroom decor.

Therapeutic Benefits:

The combination of warm water and ambient lighting can have therapeutic benefits, promoting relaxation and reducing stress.

Rain Shower:

Simulate the feel of natural rainfall and offer a unique and luxurious bathing experience.

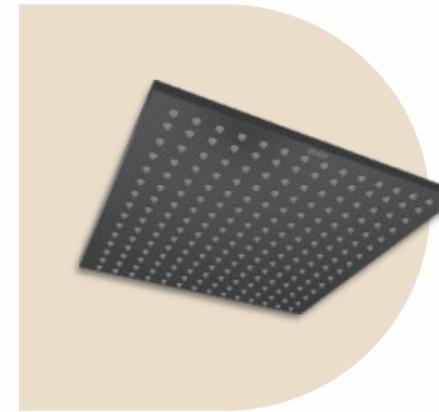

Rain Showers

RAIN SHOWERS - A Truly Indulgent Shower Experience

Elevate your shower experience with QUEO's rain showers. Immerse yourself in the luxury of a gentle rainfall, and turn your daily routine into a moment of relaxation and indulgence. Rain showers offer a wide, even spray pattern that envelops your body in a cascade of gentle droplets. The sensation mimics the tranquility of standing in a warm rain shower, providing a relaxing and rejuvenating escape from the stresses of everyday life.

**Experience the extravagance
of wellness**

Under the banner of Wellness, QUEO bathtubs offer a lavish escape designed to melt away stress and rejuvenate the senses. More than just a bathing fixture, each bathtub is a masterpiece crafted by some of the world's finest ceramic artisans with striking silhouettes and finishes.

Every QUEO bathtub celebrates comfort, elegance, and craftsmanship. Whether freestanding or built-in, its ergonomic contours cradle the body, inviting moments of deep relaxation. Designed for modern living yet inspired by timeless beauty, it transforms your bathroom.

Feature-Rich Elegance and Functionality.

QUEO's range of bathtubs blends luxury and intelligent design. Each bathtub is crafted to deliver ultimate comfort, elevate your bathing experience, and seamlessly complement modern bathroom aesthetics.

Spa-Like Comfort

Massage tubs offer immersive relaxation in freestanding or built-in styles.

Bubble Bath

Air jets blend with water to create a gentle, relaxing soak.

Hydro Massage

Targeted jets deliver deep muscle relief and relaxation.

Chromotherapy

Colored LED lights enhance mood, calmness, and well-being.

Ergo-Relax Recline

The ergonomic backrest follows body contours for full comfort.

Touch Panel

A minimalist control panel offers smooth, intuitive operation.

Active Safety System

Automatically shuts off power in case of overheating or faults.

Water Level Sensor

Detects overflow to prevent spillage and conserve water.

Self-Cleaning Function

The built-in wand cleans itself for easy, hygienic maintenance.

Anti-Odor Drainage

Keeps the bathroom fresh, even when tubs are rarely used.

Integrated Bath Filler

Sleek built-in filler eliminates external spouts for a clutter-free look.

Why Choose QUEO's Accessories?

QUEO's accessories stand out for their exceptional craftsmanship, timeless design, and thoughtful functionality. Each piece is meticulously engineered using premium materials to ensure durability, ease of use, and long-lasting performance. These accessories are designed to complement QUEO's bathroom collections seamlessly and add a cohesive and elegant finish to any space.

Terms & Conditions

Our products come with a warranty, but our quality comes with a guarantee. Hours of labour, craftsmanship, and only the best quality materials go into making Queo products. We thank you for appreciating our hard work. The fact that you chose Queo goes to show that you are a person of excellent taste. We hope you enjoy using our products as much as we enjoyed creating them.

Hindware Limited offers a wide range of Sanitaryware Products (Sanitary Ware like Wash Basin, Toilets, etc.), Faucets Products (Valve, faucet, Bath and Shower, etc.), and Bathing Products (Bat Tubs, Whirlpools, Bubble Massages, etc.) under the brand name of Queo (collectively referred to as "Queo Products") used in normal residential and non-residential commercial settings. Further, it is well-established that the brand owner has licensed the trademark 'Queo' to Hindware Limited. Queo Products are warranted to be free of defects in the material and workmanship, limited to the warranty terms and for the period of time set forth in the warranty coverage chart as detailed below, commencing from the date of sale of Queo Products to the original purchaser ("Warranty Period").

Steam Generators	2 Years	2 Years	6 Months	15 Years

**We provide a limited warranty that encompasses manufacturing defects in the chrome finish for a duration of 12 (12) years from the date of the initial purchase by the end customer ("Warranty Period"). For PVD Finish, the warranty is valid for ten (10) years, and for all other finishes, including any other plating finish applied to our faucets, the warranty covers a period of one (1) year. In accordance with the terms and conditions outlined in this warranty, we commit to repairing or replacing, at no cost, any qualifying issues within the specified warranty period. Fixture & Plumbing accessories, including but not limited to, grip rails, trim kits, drains: strainer sink strainers and soap/lotion, dispensers, are warranted to the original Purchaser to be free of defects in material and workmanship for one year from the date of purchase in terms of this warranty. However, any direct or indirect labor or any other miscellaneous charges incurred by the Purchaser to repair, replace, install, or remove any product are not covered under this warranty; conditions form a contract between the Purchaser and the Company. You warrant and confirm that you have read, understood, and accepted these Terms and are legally bound by these Warranty Terms. All other terms and conditions may be amended from time to time and will continue to apply every time you use the Queo Products. These Terms apply to the use of the Queo Products bought by the Purchaser and do not change or alter any other separate contract or agreement between you and the Company or its affiliates, group companies, or subsidiaries ("Company's Affiliates"). During the Warranty Period if (in the opinion of Queo) the defect is due to defects in the material or workmanship, Queo or its authorized service franchisee/representative will, at its sole option, repair or replace up to the equivalent product free of cost, to the extent of defective component or such part of the faucet, sanitaryware and bathing product found defective, subject to the terms and conditions described below:

1. Warranty is effective for products purchased on an Invoice from the Company or its authorized distributor/dealer operating in Hindware only. Warranty claims must be, in any event, filed/claimed within the applicable Warranty period only by the Purchaser.
2. The Purchaser shall only engage with the Company's distributor/dealer or its Toll-Free Service Centre to avail of warranty-related services.
3. The Purchaser is required to present the original proof of purchase document when warranty terms are invoked.
4. The warranty is limited only to the manufacturing defects in Queo Products.
5. The warranty is confined only to the first purchase of Queo Products and is non-transferable.
6. Queo or its Authorized Service Franchisee can solely service/repair the Product. Replacement, at Queo option, where its inspection discloses any such defects occurring in normal usage as per terms mentioned below, may be provided in case any manufacturing defect/ shortfall is identified by Queo or its Authorized Service Franchisee. This warranty is only effective if proof of purchase (original sales receipt) is provided to its Authorized Service Franchisee with all warranty claims or requests, while claiming the warranty.
7. This warranty does not include payment of or responsibility for any excise duty, central taxes, state taxes, octroi, or other local taxes assessed to the parts supplied, replacement unit, or repaired during the Warranty Period.
8. This warranty does not cover deterioration from corrosion/erosion due to hard water, water softening (salt-based), use of acid-based cleaners, abrasives, and detergents, or improper installation, or due to unfavorable conditions for Queo Products.

9. This warranty is not valid and ineffective if the Products are not installed according to the instruction manual/standards/specifications mentioned in the Product Catalogue, the Product is found tempered/misused, any warranty norms are violated, Customer is unable to produce a copy of the invoice at the time of the service visit, the breakdown does not arise out of manufacturing defect, but due to external reasons such as: water impurities, normal wear and tear (e.g. scratches, abrasion), masonry, electrical, plumbing error, water hardness beyond permissible limits, inadequate or excessive water pressure, non-usage of product for more than 6 months, usage of abrasive cleaners, ammonia, bleach, acid, wax, alcohol, solvent, or any other non-recommended items on the product, or improper care and cleaning of the product, or intentional damage (in the event of negligent damage, contributory negligence will be taken into account); Wear parts, e.g., gaskets, hoses, etc.
10. Queo is not responsible for labor charges, installation, or other incidental or consequential costs. Queo is not responsible or liable for any special or consequential damage due to the defective Product, or due to defects of any component or part thereof. In no event shall the liability of Queo exceed the purchase price of the Product. Further, it is stated that Queo/dealers/representatives shall not be held responsible for any delay in repair or replacement due to exceptional circumstances involving the non-availability of spares/products. Internal and external Cleaning of the products, such as in-wall tank, drain and drain plugs, aerators, shower nozzles, and faucet finishes, are not covered under Queo Limited warranty. If the Customer intends to replace, the additional cost/ expenses shall be solely borne by the Customer. It is also further stated that Queo shall not be held accountable for any/all damage that may occur to the premises during the replacement process.
11. If the Product is installed beyond the municipal limits of Quao's Branch Office/Authorized Service Franchisee locations, any and all costs and expenses incurred for repair/service of the Products in respect of a) to and from travel of service personnel and b) transportation of the Product and /or spare parts and/or components from the location of Queo branch office or Authorized Service Franchisee to Customer's location and back shall be borne wholly and solely by the Customer at the prevailing rates, and Queo shall not be liable for any damage caused to the Product in transit or delivery for repair.
12. Queo is also not liable to pay for any civil or construction work required during the installation of new products or the replacement/repair of old products.
13. Warranty period will start from the date of invoice and shall automatically terminate upon the expiry of the Warranty Period, even if the Product has not been installed after purchase or has not been in use for any part or whole of the Warranty Period for any reason whatsoever.
14. In the event of any repairs/replacement of any parts of the Product, this warranty shall thereafter continue and remain in force only for the unexpired period of the warranty. Any time consumed for the repair/ replacement of parts, including transit of the Product or its parts, or any period during which the Product has not been used, whether under warranty or otherwise, shall not be excluded from the Warranty Period, and no extension of the Warranty Period will be granted.
15. In the event of non-availability of components or parts due to any reason whatsoever, neither Queo nor its Authorized Service Franchisee nor the Dealer will be responsible or liable for any delay that may be caused to the service/ repair of the Product. In the event that the same model or colour is not available for replacement, Queo or its Authorized Service Franchisee will replace the defective Product with an equivalent model or colour.
16. Queo may, at its discretion, retain any part or component replaced during the Warranty Period.
17. Only this warranty document is applicable for faucets, sanitaryware, and bathing products sold by Queo. Any reference to any other warranty document will not be considered. This is Queo's exclusive written warranty. Queo's decision regarding the warranty is final and binding. All disputes are subject to the exclusive jurisdiction of the courts of Gurgaon only.
18. By purchasing the products, the Customer agrees to Queo a foresaid warranty on the product.
19. Queo neither assumes nor authorizes any person to assume for Queo any other obligation or liability in connection with the sale of any of Queo's products. Care and cleaning guidelines for Chrome and any other plating finish, including PVD colours /finishes – Sanitaryware, Faucets, and Bathing Products.
 - a. Always evaluate your cleaning solution on an inconspicuous area of the product before applying it to the entire surface.
 - b. Do not use cleaners to sit or soak on the product.
 - c. Wipe surfaces clean and rinse completely with water immediately after applying cleaners.
 - d. In the rare occurrence of stubborn stains on Cast Iron surfaces, use abrasives or abrasive cleaners sparingly.
 - e. Clean stainless-steel surfaces once a week. Do not use cleaners containing chloride on stainless steel. If used, rinse the surface immediately to prevent corrosion.
 - f. Wherever gold or platinum is used on decorative products, use only warm water to clean and then dry with a soft cloth.
 - g. Use a soft, dampened sponge or cloth to clean; never use abrasive material like a bristle brush or scouring pad.
 - h. Do not use cleaners containing ammonia, bleach, or acid. Most toilet cleaning products have high acidic content, which can damage the chrome finish; hence, they should not be used to clean the chrome finish.
 - i. Use a mild detergent (such as dishwashing soap). Do not use abrasive cleaners.
 - j. Rinse and be sure to wipe the entire surface dry.
 - k. Do not use cleaners containing ammonia, bleach, or acid. Most toilet cleaning products have high acidic content, which can damage the chrome finish; hence, they should not be used to clean the chrome finish. The ideal cleaning technique is to always blow dry water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your faucet safe.
20. The warranty would not be applicable under the following conditions:
 - a. Abuse /Misuse /Mishandling /Gross-Negligence /Improper installation /Improper application /Improper repair / Tampering and are not handled according to the maintenance instructions (if any) provided by the Company.
 - b. Defects caused by modification of the product or removal/alteration of parts and components, and an incorrect combination with other installed products.
 - c. Defects caused by chemical reaction, excessive heat, excessive dust, corrosive surroundings, exposure, entry or seepage of paints /liquids /oils /corrosives /vapors/abrasive compounds /contamination /coastal air /salt spray.
 - d. Normal wear and tear.
 - e. Breakage of plastic/rubber parts in any products.
 - f. Damage or shortcoming due to accidents /fire/robbery/natural calamities, or unusual external factors such as a lightning strike or misuse, incorrect use, or abnormal use.
 - g. Product is not being purchased from the Company's genuine or recommended Dealer/Distributor.
 - h. Failure to follow the instructions of use.
 - i. Installation with unapproved accessories or sub-standard parts & related paraphernalia.
 - j. Personal injury, property damage, consequential financial loss from product failure.
 - k. Damage due to long-lasting damp/humid environmental conditions/ climate conditions or situations that can reasonably be expected to cause more than the usual level of wear.
 - l. The Product is physically damaged by the Purchaser or its end-user.
 - m. If the product is used by a commercial establishment or by an individual for commercial purposes.
 - n. Are not exposed to mechanical & physical loads that cannot be considered as intended for that product.
 - o. Deviations of the product compared with illustrations and information provided in our catalogue or other marketing documentation.
21. This warranty for replacement of defective products is allowed when the defects are approved by the Company's authorized Technician. The warranty does not cover any direct/indirect loss or damage caused by the product.
22. The Company reserves the right to impose additional charges or may refuse to attend to any product installed at locations that are inaccessible and/or hazardous to its service agents.
23. Decisions by the Company on all questions pertaining to complaints as a result of defects, either workmanship or material, shall be conclusive.
24. Authorized people, agents, dealers, and distributors of the Company shall not change, modify, or extend the terms of these warranties in any manner, and the warranty shall remain fixed as provided originally.
25. In case of non-observance of the clause above, the Company reserves the right to reject the warranty claim.
26. Company reserves the right to modify the design of the products without prior notice in pursuance of its policy of continuous technical improvement. For updates on products, purchasers need to see the latest products on the Company's website or visit Company-authorized dealers.
27. All failed or defective parts, accessories, or products replaced according to this warranty article shall be the property of the Company.
28. The Company reserves the right to amend the above terms and conditions without notice.
29. Procedure and evaluation
 - a) If the Purchaser has received a product that demonstrates potential manufacturing, design, or material faults, he must report this as completely as possible within three (03) days after noticing it to the Company. To be able to make a warranty claim, the Purchaser must always report the number of the relevant invoice. The Purchaser will receive a confirmatory email or telephone call with a number code, # followed by numbers. The Company will process the report as quickly as possible.
 - b) If the Purchaser would like a replacement for products that have been reported to be defective, he/she can specify this directly on the report or order it through the normal order process. The Purchaser will always be charged for these products. As soon as the reported products have been returned to the Company, they will be credited after being checked, if they fall under the warranty.
 - c) If one or more products need to be returned, the Purchaser will receive confirmation from the Company with a reference number. Unless expressly agreed otherwise, the products should be returned within 4 weeks after receipt of the confirmation from the Company. Products returned without a reference number will not be accepted.
 - d) The Purchaser is responsible for the return shipment and pays for it. The transport costs will not be reimbursed by the Company.
 - e) If there is any doubt about whether or not the problem with the defective products falls under the warranty, the burden of proof of the existence of manufacturing, design, and material faults lies with the Purchaser. The Purchaser should submit the proof in writing to the Company.
 - f) The Company is granted a reasonable period to examine the defective product for potential manufacturing and material faults.
 - g) If Company considers an on-site examination necessary, the Purchaser, installation technician, end user, and others must grant free direct access and cooperation as needed. In case of doubt about the situation or the products, the Company is entitled to invite representatives from other parties to inspect the product closely.
 - h) The Company retains the right to take the final decision on whether a warranty claim is justified.
 - i) The replaced products become the property of the Company.
 - j) The warranty period will not be restarted when the warranty is fulfilled. Replacement products or parts are guaranteed until the end of the existing warranty period for the product or part that was replaced or in which it is installed.
